

Antoan Yosifov

Software Engineer

Java Back-End Developer based in Austria with hands-on experience building Spring applications, designing REST APIs, and working with SQL databases and JPA/Hibernate. Strong in problem-solving and writing maintainable code. Seeking a junior role to ship reliable features and grow with experienced engineers.

🎓 EDUCATION

Back-End Software Engineer With Java Software University

02/2023 - 12/2025

Sofia, Bulgaria

Professional Modules

- **Java Advanced** - Data structures and core Java: stacks/queues, sets/maps, arrays, streams, functional programming, and file I/O. Reusable code with generics, iterators, and comparators.
- **Databases** - SQL and relational modeling (CRUD, joins, aggregations, transactions) plus ORM with Hibernate/JPA. Advanced querying with Spring Data, object mapping, and JSON/XML processing.
- **Java OOP** - Deep OOP foundations (abstraction, encapsulation, inheritance, polymorphism) with SOLID principles. Includes exceptions, reflection/annotations, unit testing, TDD, and design patterns.
- **Java Web** - Spring MVC/REST with API design, exception handling, and unit/integration testing. Includes Spring Security, microservices concepts, AOP, caching/scheduling, cloud basics, and Kafka integration.

🏠 RECENT PROJECTS

HouseOfChaos - Full Stack Application - CAPSTONE

- Built a full-stack antique e-commerce platform using Angular (SPA) and Spring Boot (REST API).
- Implemented JWT authentication and role-based access; integrated MySQL for persistent data storage.
- Developed a dedicated Reviews microservice and a Cloudinary media pipeline for image management and admin workflows.
- Links -> **CODE:** [HoC Backend](#) | [HoC Frontend](#) | [HoC Microservice](#) **VIDEO:** [HoC Preview](#)

TravelHub

- Built a real-time travel app with Angular, TypeScript, and RxJS, backed by Firebase Firestore.
- Implemented authentication, profile management, and data ownership rules (including "like once" behavior).

🏢 AUSTRIAN WORK EXPERIENCE

Forklift driver

Raben Logistics GmbH

06/2025 - Present

Wels, Austria

Supervisor production line

Moser Teiglinge GmbH

04/2022 - 06/2024

Eferding, Austria

📜 DIPLOMA

Back-End Software Engineer
With Java [🔗](#)

🔧 TECHNICAL SKILLS

Programming Languages

Java, JavaScript, TypeScript, HTML, CSS

Frameworks

Spring Boot, Angular, Hibernate

Databases

Microsoft SQL Server, MySQL, PostgreSQL

Version Control

Git, GitHub

Tools

IntelliJ IDEA, Visual Studio Code, Cursor

💡 SOFT SKILLS

Time management

Adaptability

Discipline

Teamwork

Ownership

Coachability

🗣️ LANGUAGES

English

Full Professional Proficiency

German

Limited Working Proficiency

Bulgarian

Native or Bilingual Proficiency
